PROFESSIONAL SUMMARY

Computer Science student at SZABIST Islamabad with multi-domain industry experience in frontend engineering, QA testing, full-stack development, and data analytics. Proficient in React.js, Next.js, Node.js, PHP, Python, Selenium, Power BI, and Tableau. Consistently delivers clean, tested, and scalable solutions across internships and freelance engagements driven by a data-informed mindset and a passion for user-centered products.

WORK EXPERIENCE

Web Developer Intern | DeveloperHub.co

Jul 2025 – Sep 2025 | Remote

- Built responsive web pages using HTML5, CSS3, JavaScript, Tailwind CSS, and PHP, ensuring cross-browser compatibility.
- Performed manual testing and authored structured test cases, identifying and logging bugs before production releases.
- Collaborated with senior developers in code reviews and Agile sprint cycles to deliver features on schedule.

Frontend Developer Intern | YoungDev Interns

May 2025 – Jul 2025 | Remote

- Engineered reusable React.js components with Tailwind CSS, reducing redundant code and accelerating feature delivery.
- Validated REST API endpoints using Postman and integrated Firebase for real-time data handling in React applications.
- Improved cross-device responsiveness across desktop and mobile viewports, enhancing overall user experience.

Data Analyst Intern | AnalytiXCamp

Jun 2025 – Aug 2025 | Remote

- Executed end-to-end data cleaning, transformation, and exploratory analysis using Python (Pandas, NumPy) and Jupyter Notebook.
- Built interactive Power BI and Tableau dashboards to visualize KPIs, enabling faster data-driven decisions for stakeholders.
- Queried and managed relational datasets using MySQL and SQL to extract, structure, and report on business data.

Freelance — Designer & Video Editor | Self-Employed

2022 – Present | Pakistan

- Designed brand logos and visual identities for multiple clients using Canva and Figma, strengthening their online presence.
- Produced professional gaming and content videos via Adobe Premiere Pro and CapCut, growing audience retention.
- Managed client data, reporting workflows, and project tracking using Microsoft Excel and Google Sheets.

TECHNICAL SKILLS

Languages	JavaScript (ES6+), Python, PHP, C++, SQL, TypeScript (Basic), Kotlin (Basic)
Frontend	React.js, Next.js, Tailwind CSS, HTML5, CSS3, REST APIs, WordPress, Figma
Backend & DB	Node.js, Express.js, PHP, MySQL / Sequelize, MongoDB, Firebase
QA & Testing	Manual Testing, Test Case Writing, Postman, Cypress, Playwright, Selenium WebDriver
Data & BI	Power BI, Tableau, Python (Pandas, NumPy), Jupyter Notebook, Excel, Google Sheets, SQL
Dev Tools	Git & GitHub, Linux / CLI, VS Code, DevOps Fundamentals, SDLC, Agile / Scrum
Creative	Adobe Premiere Pro, CapCut, Canva
Soft Skills	Problem Solving, Team Collaboration, Communication, Project Management

PROJECTS

Smart Rental Platform | FYP | React.js · Node.js · Express.js · MySQL / Sequelize

- Designed and developed a full-stack rental marketplace with multi-category listings, secure authentication, and owner/renter role management.
- Implemented booking management, user reviews, and a trust score monitoring system to ensure platform integrity and user confidence.
- Added smart recommendation and featured listing features to improve item discovery and overall user engagement.

Music Player Application | React.js · JavaScript

- Built a full-featured music player with playback controls and playlist management; validated core functionality with structured test cases.

Food Store Database System | MySQL · SQL

- Designed a relational database with normalized schema for inventory tracking, order records, and automated reporting.

eCommerce Storefront | Shopify · JavaScript

- Launched a complete Shopify store with product management and order tracking; ran social media campaigns to grow brand engagement.

Analytics Dashboard | Power BI · Tableau · Python · SQL

- Built interactive dashboards visualizing sales KPIs, using Pandas for data prep and SQL for extraction from a MySQL database.

Freelance Logo Design Portfolio | Figma · Canva

- Delivered custom brand identities for multiple clients, establishing consistent visual language across digital and social channels.

EDUCATION

BS Computer Science

SZABIST — Islamabad, Pakistan

2023 – Present

Intermediate — Pre-Engineering / Science

Scholars Science College — Wah Cantt, Rawalpindi

2020 – 2022

Matriculation — Science

Heavy Industries Taxila Education City — Taxila, Rawalpindi

2018 – 2020

LANGUAGES & INTERESTS
